

## Primary School Sports Premium Funding 2016/2017 & 2017/2018

### Overview:

The government provides dedicated funding to schools to help improve the provision of PE and Sport and to benefit the health and well being of all pupils. The money has been provided by the Departments of Health, Education and Culture, Media and Sport. In 2016-2017 we received £8400 in funding (£8000 plus £5 per pupil). In 2017-2018 we will receive £16800 (£16000 plus £10 per pupil).

### Our vision:

At Burlington CE School we aspire to:

- Ensure all children experience a wide range of high quality sports provision appropriate to their developmental needs.
- Foster positive attitudes to sport to ensure that the impact of our sport provision is wide-reaching. This includes impact on personal and social skills and healthy lifestyles.
- Recognise and nurture talented pupils, offering a range of coaching and competitive experiences including signposting to official sporting clubs in the school's locality.
- Encourage and educate pupils towards healthy lifestyle choices including keeping active and understanding the nutritional value of the food they eat.

### Impact of School Sport Funding at Burlington to date:

Our pupils have rich, high quality provision which is now well embedded across the school. We have ensured the selection of proven, high quality coaches to work alongside our staff and our pupils, providing excellent coaching and professional development. Pupils have positive attitudes to school sport and P.E. and we have increasing numbers of pupils engaging in extra-curricular sporting opportunities. We continue to participate in a range of inter-school sports provided by our SGO. Being a small school our levels of competitive success are variable but we focus on fostering positive attitudes to competitive sport, emotional resilience and positive sporting attitudes. The positive attitudes and emotional resilience are qualities which have a positive impact on pupil's attainment across the curriculum. Our pupils are generally active and fit with a below average number of children displaying signs of obesity. We do have some pupils with lower than desirable levels of well-being and we have not yet targeted these pupils specifically. This is an area for development this year (See 2017/2018 targets below). We have always successfully identified gifted and talented pupils and used our strong links with local clubs and governing bodies to signpost these pupils and their parents towards their future development. For example a pupil now in secondary school won a gold medal in a Junior World Championship orienteering event after first beginning orienteering through Burlington School. We believe that the changes to our school and pupils brought about by our use of the School Sport Funding are sustainable for the following reasons:

1. We are embedding our vision within the core profile and values of our school including the pupils - so that they take their positive experiences and learning with them when they leave our school.
2. Funds are used to improve facilities for the short, medium and long term future as far as is possible.
3. Funds are used to engage and forge links with other schools and the wider community – these links are sustainable and enrich our school provision, pupil and staff development.

**Range of Sporting Experiences Offered to pupils:**

	<b>KS1</b>	<b>KS2</b>		<b>KS1</b>	<b>KS2</b>
<b>Dance</b>	<b>Y</b>	<b>Y</b>	<b>Orienteering</b>	<b>N</b>	<b>Y</b>
<b>Multi Sports</b>	<b>Y</b>	<b>Y</b>	<b>Cross Country</b>	<b>Y</b>	<b>Y</b>
<b>Cricket</b>	<b>Y</b>	<b>Y</b>	<b>Athletics</b>	<b>Y</b>	<b>Y</b>
<b>Netball</b>	<b>N</b>	<b>Y</b>	<b>Bowling</b>	<b>N</b>	<b>Y</b>
<b>Swimming</b>	<b>N</b>	<b>Y</b>			
<b>Gymnastics</b>	<b>Y</b>	<b>Y</b>			
<b>Rugby</b>	<b>Y</b>	<b>Y</b>			
<b>Outdoor Ed Activities</b>	<b>Y</b>	<b>Y</b>			
<b>Tennis</b>	<b>Y</b>	<b>Y</b>			

**Areas for Development:**

- **Monitoring more accurately how active our pupils are and aim to ensure we are on track to achieve the 30:30 national initiative (30 minutes of physical activity in school day and 30 minutes of physical activity outside of school day for every pupil, every day).**
- **Develop and embed the use of Smart Moves program to identify and support pupils with weaker gross and fine motor skills.**
- **Use funding to ensure we are developing the whole child – activity, enjoyment, emotional wellbeing and nutrition. (Nutrition being the focus area for greatest development in this funding round).**
- **Further widen the breadth of sporting/active experiences for our pupils – such as visit dry ski slope in Kendal, inclusive sports such as boccia, wellbeing activities such as yoga.**
- **Consider the role of pupil leadership and how it could work effectively in our small school profile.**

**(The above areas for development will be detailed in a separate action plan)**
